Grandsire Doubles – *Plain Course is 30 changes*

60	Plain – Bob – Plain – Bob – Plain – Bob, written **pBpBpB** or **pB x3**	This calls the 5th to make 3rds, then Double Dodge Up at each Bob; comes Round as 4 & 5 make first dodge. 5th is said to be "observation" as makes 3rds / DD only.
120	Plain – Bob – Plain – Bob – Plain – Single, repeated; written **pBpBpS** x2 *(Can be rotated)*	At the end of the 60 change call from a Bob to a Single which swaps 2 & 3 over and repeat. Can be rotated so that Single is called when 5 dodges with 2nd or 3rd. Must call the 2nd part exactly as the first! Can also be rotated to start with Bob – **BpBpSp** x3: this makes the 3rd "observation" bell instead of 5th.
120	Single – Bob – Single – Plain, repeated twice; written **SBSp** x 3 *(Can be rotated)*	This calls the 3rd as "Observation" as it does Double Dodge Up and makes 3rds only. Can be rotated with plain lead second **SpSB** x3; and also to start with plain or Bob to make the 5th "observation".
