

Northern District

"Beyond Bob Minor" Training Notes - Session J

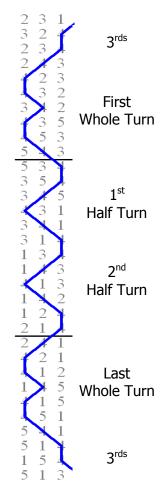

Single is called at backstroke

Above shows the 5th leaving the **Slow** work, making the Single ("Cat's Ears") and going back in **Slow**.

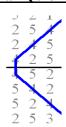

If 5th had come out **Quick** it would go back in **Quick**.

The 4th lies in 5^{ths} place for 2 blows ("Viaducts" or "Coat Hangers") and also goes in the **same** way it came out.

Bob and Single are called at handstroke

If a bell is affected at a call it will go in the same way it came out.

This is often forgotten as calls are usually made in pairs – so do not get caught out if a solo call is made!
